

# Jelly Stick

**A functional jelly stick that's delicious and includes choline and DHA.**

Having both choline and DHA bound to a phospholipid shows an increased crossing of the blood brain barrier for DHA, which may positively impact brain health, improving learning and memory ability.

## Benefits & Features

AAK is Making Better Happen™ with the following features in our jelly stick formulation:

- **Akovita® ELIP – A natural phospholipid solution based on egg yolk from cage-free hens, omega-3 DHA and choline**

**INGREDIENTS:** Water, Fructo-Oligosaccharides, Algae DHA (Akovita® DHA), Mango Concentrate, Food Gel, Egg Phospholipids (Akovita® ELIP), Citric Acid, Sucralose
