

Plant-Based *Butter*

AAK

Plant-Based Butter

Perfect for cooking and baking—and stable at room temperature. For excellent creaminess with no animal-derived ingredients, our newest hardstock for patent pending plant-based butter features a super-clean taste. It's palm free and non-hydro, for a clean and simple label. It remains stable at room temperature, and this plant-based butter made with our hardstock can be used as a 1:1 dairy butter replacement.
